WASHINGTON, Sept. 24, 1864.

The politicians here have a new theme. The statement of Tariff Bill Wilson, called all the way from a London interview, in which he stated it to be his opinion that Cleveland will not be a candidate for renomination in 1866, has furnished the politicians a upon which to hang considerable political gossip of more or less value. Unusual interest is attached to the statement by them, because it concerns Wilson, who has close personal relations with the President, and who is

SAUS seems to be planted on the rock of protection or else the Louisiana Democrats are terribly misguided.

WHAT if the Louisiana Democrats should break the Solid South in 1866, as they have pledged themselves to do?

EVERY Republican voter in Hopkins County should come out and vote, and beside that let it be known he is coming. In former times there has been too much of this staying at home.

MESSRS. SHREVE, Turner, and Clardy in the order named have gained their joint discussion which will likely continue thirty days or more, at Hopkinsville on Monday. One thing very noticeable, but not so strange was that the audience was largely a Seaboard crowd and this same thing's likely to occur upon every stump through the district.

DEMOCRACY A CURE FOR DYSPRESIA.

Soup House Raises a Preventive of the Ill That It Is Here To.

A few days ago I met one of my old Democratic acquaintances, and after passing the time of day, I said, "Well, Brother Howard, are you still as good a Democrat as ever?"

"Oh, yes," said Mr. Howard.

"I am stronger in the faith than ever I was."

"What's the party done recently?" I asked.

"To strengthen this party of yours that was always so strong?"

"Well," said Brother Howard,

"you know that I used to be dyspeptic. I suffered from dyspepsia for a long time, and this soup house administration has been the making of me completely. I had

to go on short rations, because I

had not money enough to buy as good meals as I used to have, and it was short rations that I have been needing all the time, and I did not know it."

"Ha, ha," laughed I.

"Yes, sir, you may laugh," said Howard, but I am thoroughly convinced that this term of Democratism will cure me, and root every symptom of dyspepsia out of my system. That is the only reason that I now have for being a Democrat." E. THUNKE, Englewood, Ky., August 28, 1864.

APPEAL TO THE VOTERS OF HOPKINS COUNTY.

MADISONVILLE, Ky., Sept. 5, '64.

TO THE VOTERS OF HOPKINS CO.:

As the Republican candidate for Congress, of Hopkins County, I ask you to vote.

I suggest the office of County Clerk as the greatest opportunity.

His bilious eye can see nothing but a ghastly outcome in the way

of gayety. As a matter of fact, the experienced old campaigner can already detect symptoms of the same old whirr. By the time the social butterflies and watchful matammas are all lark and open up with a somewhat new line of goods in the way of new establishments, debuts, and social functions, the show window in Vanity Fair will present the usual brilliant and fetching aggregation of attraction.

The Treasury looks better. The gold reserve has been steadily climbing upward for the past month. On August 8th, it reached its lowest point in the record of the department, \$5,130,500, but it has since increased \$5,000,000.

Nothing Strange, intelligent people, who realize the importance of the blood holds in keeping the body in health, and the importance of the number of disease.

Mr. Hood's Saraparilla is able to do many troubles result from impure blood, the best way to treat them is through the blood. Hood's Saraparilla qualifies the blood.

Hood's Pill is the best after-dinner pills. Prevention is better than cure.

Down in the Mines.

50,000 barrels of coal was lost in the Ohio river by Pittsburgh shippers last week on an accident, where a barge was sunk.

Secretary Anderson, of the Monocacy Company, established an agency at Bessemer last week.

Monocacy Coal Company is now making a large profit made for the purpose of supplying them with the necessary water for mine machinery.

They now say that Superintendent Rutherford has sold his ticket and will here either walk or ride in a buggy. Experience is a good teacher. Tom

Johnson, Esq., of the Coke Works says the coke is now completely segregated.

Mr. Johnson's coke is the best, and only a few years back then he introduced it.

## Blood Poison

THE BANE OF HUMAN LIFE,  
Driven Out of the System by

Ayer's Sarsaparilla

"For five years, I was a great sufferer from a most persistent blood disease, none of the various medical men could find out what help whatever. Hoping that the change of climate would benefit me, I came to Saratoga Springs, where I met Ayer's Sarsaparilla, which I now take daily. I am drinking water, but still have no use. At last, being advised to take Ayer's Sarsaparilla, I did, and very soon found myself recovered. I now consider myself a perfectly healthy man, and am in full possession of the lost trace of my former complaints. To all my friends, who have recommended Ayer's Sarsaparilla, I say, perfectly reliable blood-poisoner. Joe A. Eason, proprietor Hotel A. Eason, 1000 Broadway, New York, 338 W. 18th St., New York.
